About me :

Hello, I'm BEN FATAH YASSINE, a first-year student at ENSAM RABAT studying AI and Data Science Engineering. I have a profound interest in data science, AI, and robotics. Beyond coding, I find joy in the poetry of life embedded in these technologies. Whether building robots or exploring AI philosophy, I see beauty in the art and science of data. I'm excited to fuse these passions, creating innovative solutions and contributing to the dynamic world of technology.

Extracurricular Engagements:
